Accessories Souda 'Kreten' side table by Isaac Friedman-Heiman from Criteria. Organic hand and bath towels in White from Cloth & Co. For stockists see Address Book.

DESIGNER ALEXANDRA PONTING "The muse for this master ensuite was an organic Grecian villa with an edge of sophistication. The original space was awkward, with some permanent structural restrictions. I wanted to create openness. It needed to have a soft and light, seamless palette. A mix of surfaces and shapes is where I hoped to introduce curiosity – irregular dimples and curves, smooth and matt fittings, and angular joinery. Functionality and concealed storage were key to the design." *What luxury item did you choose for this space regardless of budget?* "The 'Juncos' recessed downlights designed by Flos Soft-Architecture. With a high power LED, the tube can be tilted and inserted or removed from the ceiling to direct the beam of light and create the desired artistic composition. I chose these lights for their highly curated aesthetic and incredible functionality."
